

# DECORATIVE STONE

SMALL IN SIZE,  
BIG ON VISUAL IMPACT

The use of decorative stone can fundamentally transform the appearance of your garden. We have a stunning range for you to choose from including aggregates, pebbles, cobbles and rockery stones in a huge variety of colours and styles – enough to suit any design requirement. Decorative stone really is the perfect finishing touch, adding a real ‘wow’ factor around borders, between paving stones and on patios, paths, ponds – even driveways. It just goes to show how the smallest details can make the biggest difference.

DRY

WET

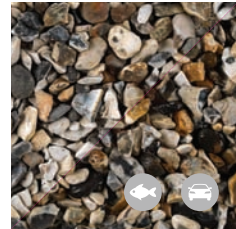

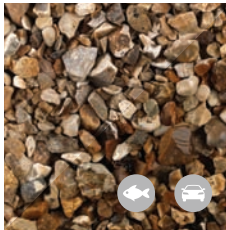

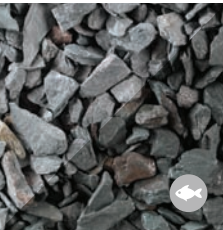

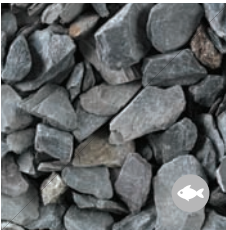

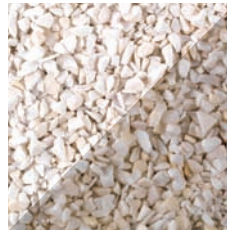

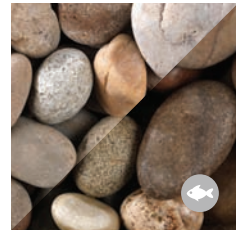

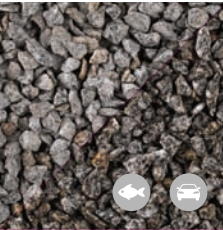

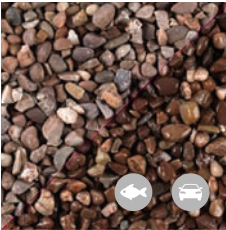

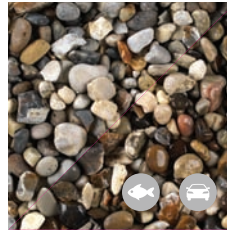

These swatches show our decorative aggregates both wet and dry.

Fish friendly

Suitable for driveways

 <p>11mm Canterbury Spar</p>	 <p>20mm Celtic Plum</p>	 <p>40mm Celtic Plum</p>	 <p>20mm Dapple Flint</p>
